

igris::pool

```
graph BT; A[igris::pool::unlinked_iterator] -.->|_pool| B[igris::pool];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text 'igris::pool::unlinked_iterator'. A dashed purple arrow points upwards from this box to a white rectangular box at the top containing the text 'igris::pool'. To the right of the arrow, the text '_pool' is written, indicating the name of the base class.
